This is the third Office action for serial number 10/707,437, Improved Mouse Pad, filed December 14, 2004.

Notification of Non-compliant Appeal Brief

The appeal brief is defective for the following reasons:

1. Applicant failed to provide the following headings: "Evidence Appendix" and "Related Proceeding Appendix." Please note if there is no evidence or related decisions being submitted, then under each heading should be included with the indication "none".
2. Status of Claims- Applicant fails to identify each claim on appeal.
3. Status of Amendment- Applicant has not formally submitted an amendment after the final rejection made by the examiner of record.
4. Summary of Claimed Subject Matter- Applicant failed to provide a concise explanation of the subject matter defined in each of the independent claims involved in the appeal which must refer to the specification by page and line number and to the drawings, if any by reference characters.
5. Grounds of the Rejection- Applicant should only present claims applicant intends to be reviewed. A concise statement of each ground of rejection must be presented. For example, the statement may read "Whether claim 1 are unpatentable under 35 USC 102 over Gillespie."
6. Argument- Claims 10 and 14 are stated not to be on appeal but arguments have been provided.

7. Claim Appendix- Applicant should include only claims involved in the appeal.

Therefore, claims 10, 11 and 14 should not be included.
